MONDAY · 30–40 MINUTES

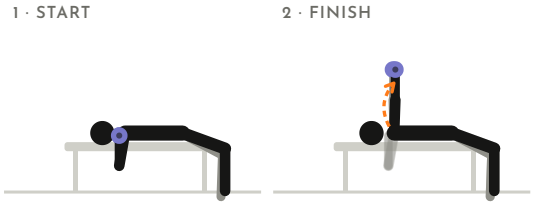

# Workout A

## Chest & Shoulders

365

My Fitness 365

**Warm-up (5 min):** 3–5 minutes of easy movement: marching on the spot, arm circles, or an easy spin on the bike · 10 slow arm swings across the chest and 10 overhead reaches · 10 bodyweight squats to the bench.

### 1 Flat dumbbell chest press

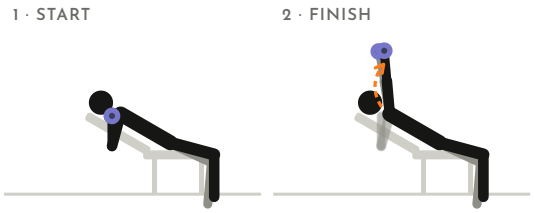

**2 × 10–12 reps** · rest 90s

Start weight: **4–8kg each**

Dumbbells at chest, elbows about 45° from your sides → Press straight up over your chest.

Avoid: flaring the elbows straight out to 90°.

### 2 Incline dumbbell chest press

**2 × 10–12 reps** · rest 90s

Start weight: **4–8kg each**

Bench at about 30°, dumbbells beside your upper chest → Press up over your upper chest.

Avoid: setting the bench too steep.

### 3 Seated dumbbell shoulder press

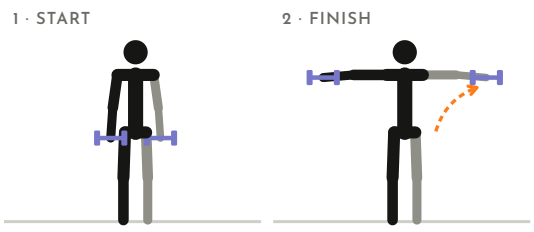

**2 × 8–12 reps** · rest 90s

Start weight: **2.5–5kg each**

Sit tall, dumbbells at shoulder height → Press overhead, slightly in front of your head.

Avoid: arching the lower back to push the weight up.

### 4 Dumbbell lateral raise

**2 × 12–15 reps** · rest 60s

Start weight: **Lightest controllable setting**

Stand tall, light dumbbells by your sides → Raise out to the sides to shoulder height.

Avoid: swinging the body to get the weight up.

| | | | | | | | |

### 5 Forearm plank

**2 × 20–40 sec** · rest 60s

Start weight: **Bodyweight**

Elbows under shoulders, straight line from head to heels.

Avoid: hips sagging towards the floor.
