Warm-up (5 min): 3–5 minutes of easy movement: marching on the spot, arm circles, or an easy spin on the bike · 10 slow arm swings across the chest and 10 overhead reaches · 10 bodyweight squats to the bench.

1 Incline dumbbell chest press

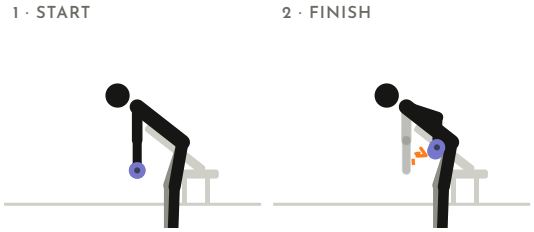

2 × 10–12 reps · rest 90s

Start weight: **4–8kg each**

Bench at about 30°, dumbbells beside your upper chest → Press up over your upper chest.

Avoid: setting the bench too steep.

2 Chest-supported dumbbell row

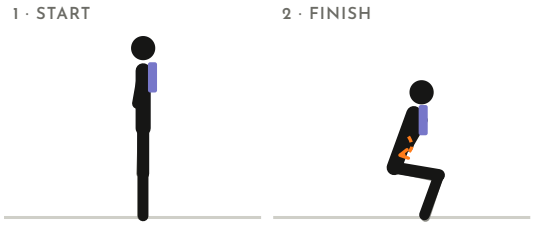

2 × 10–12 reps · rest 90s

Start weight: **5–8kg each**

Chest on the incline bench, arms hanging → Row the elbows back, squeeze the shoulder blades.

Avoid: lifting the chest off the pad.

3 Light dumbbell goblet squat

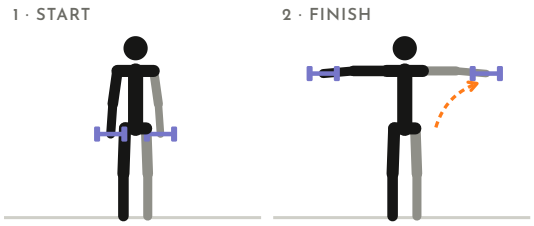

2 × 8–10 reps · rest 90s

Start weight: **4–8kg total**

Hold one dumbbell at your chest, feet a little wider than hips → Sit down between your heels, chest up.

Avoid: heels lifting.

4 Dumbbell lateral raise

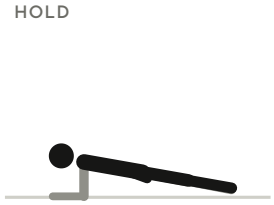

2 × 12–15 reps · rest 60s

Start weight: **Lightest controllable setting**

Stand tall, light dumbbells by your sides → Raise out to the sides to shoulder height.

Avoid: swinging the body to get the weight up.

W1	W2	W3	W4	W5	W6	W7	W8

5 Side plank

2 × 20–30 sec each side · rest 60s

Start weight: **Bodyweight**

Elbow under shoulder, hips lifted in a straight line.

Avoid: hips dropping.

W1	W2	W3	W4	W5	W6	W7	W8

Every set: stop with 2–3 reps left in the tank · controlled lowering · breathe out on the effort · stop for any sharp pain.
